

Making rural India ODF plus by 2024

Supporting States:

Capacity building initiative of MoJS to strengthen the delivery system

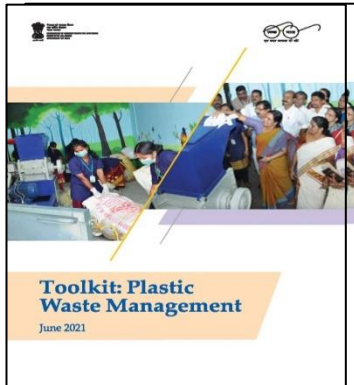

**Presentation By
UNICEF, India and
PriMove, Pune**

Offerings by DDWS & UNICEF, PriMove

1. Module and manual development

- TOT module, technical manuals, toolkits and presentations developed for all ODF+ verticals (PWM;BWM;FSM;GWM), through **Content co-creation workshops** & approved by DDWS
- **1/3/5 day orientations and trainings** of stakeholders in the state
- Curated for state specific needs

Manual: Faecal Sludge Management

2. Trainings

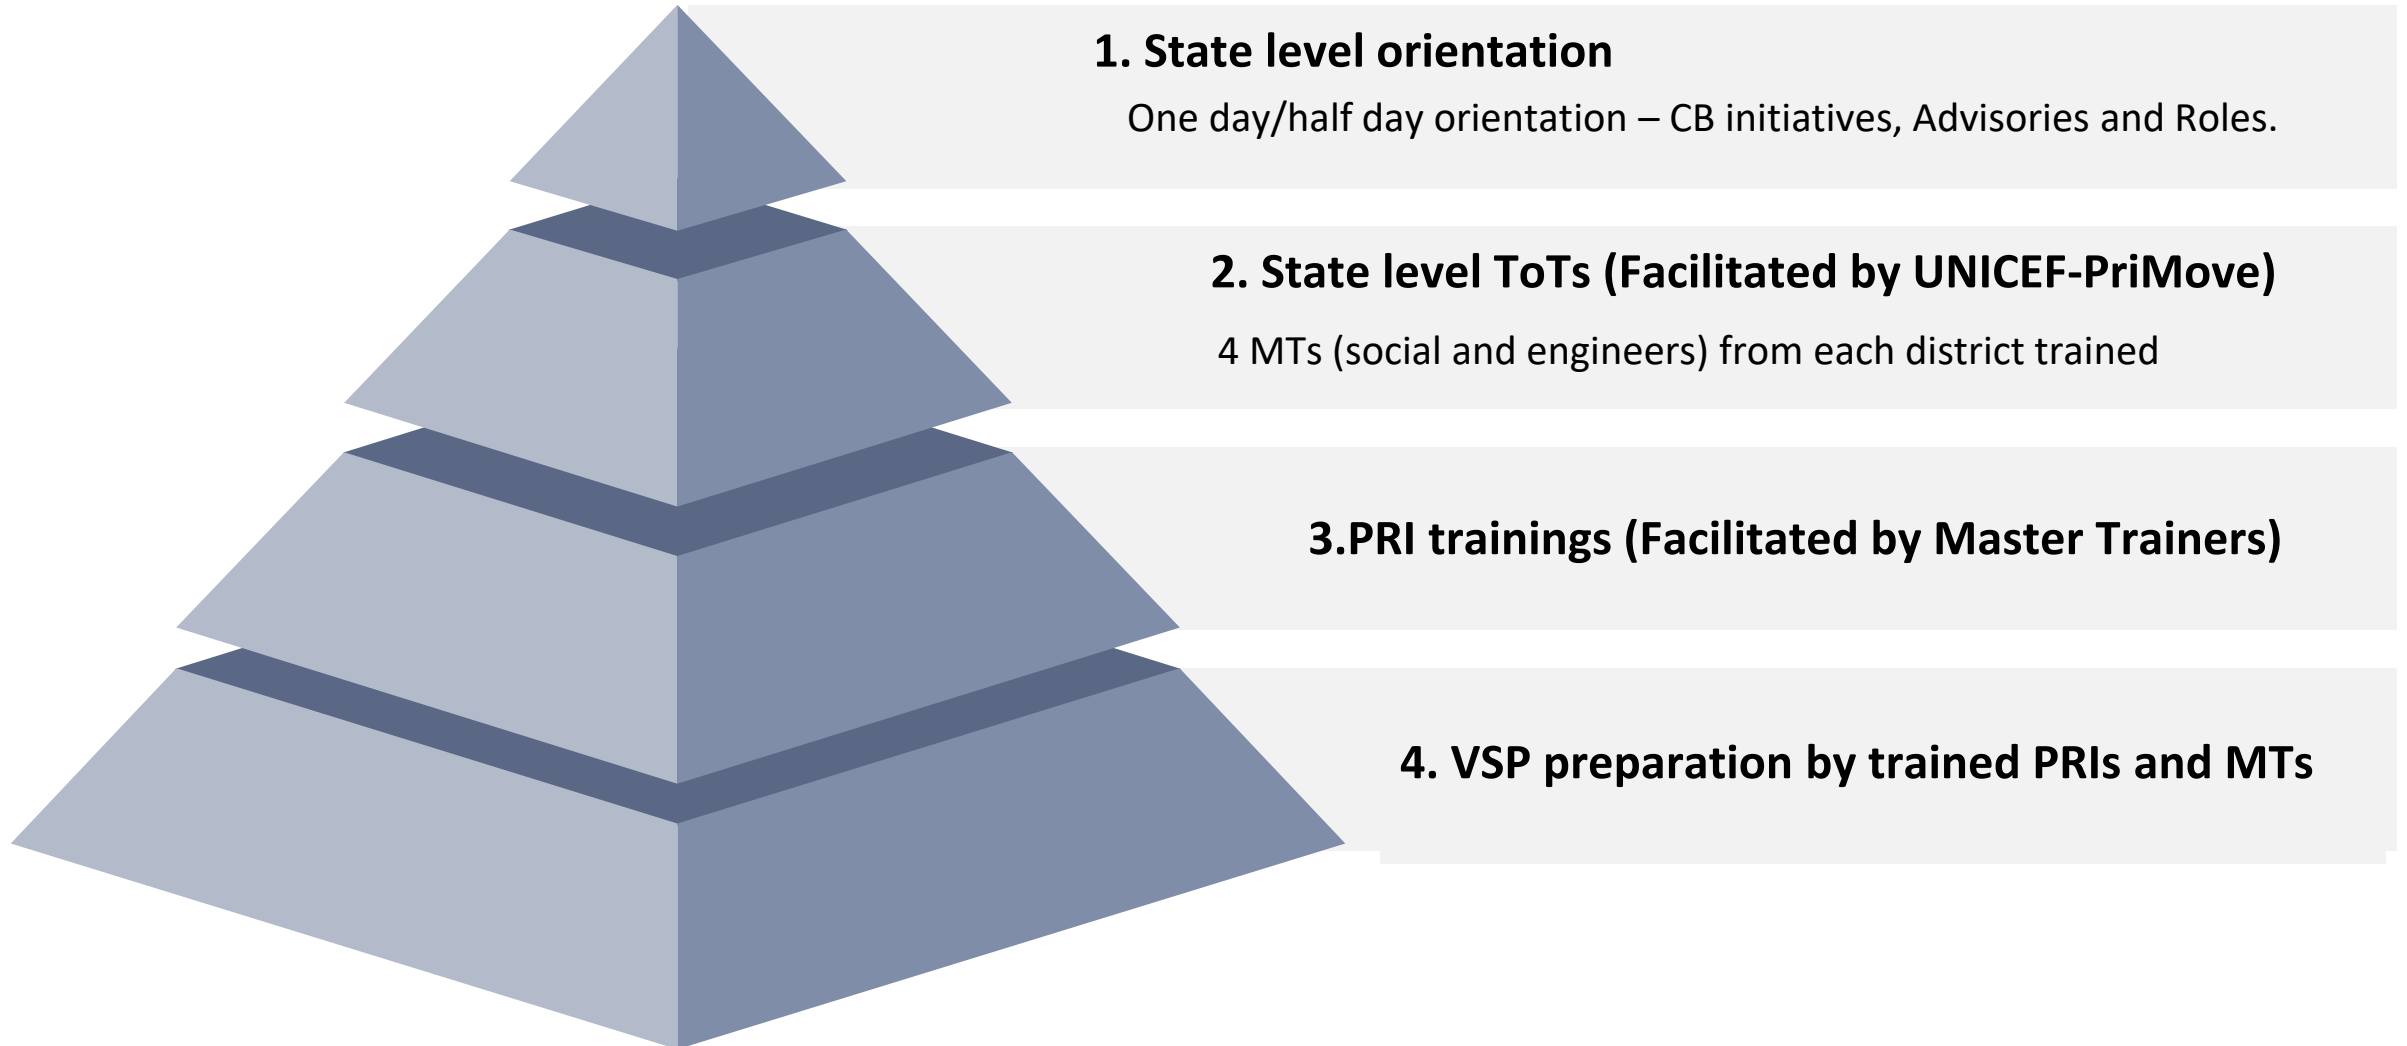

- Cascading model adopted
- **5 Day TOTs** for district level Master Trainers (selected by states/districts)
- **3 day PRI trainings** - Planning + technical trainings
- Orientation of officials

3. Handholding support

- Specific support for key functions – **community led VSP preparation, technology option selection, District FSM planning**, etc.
- Tailor-made inputs for states

Cascading Model – reaching all GPs

**CAPACITY BUILDING ON SBM(G) II -
ALL INDIA PROGRESS
AS ON 12.02.2024**

STATUS AS ON 12-2-24

ToTs-

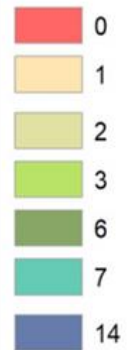

- 63 ToTs completed
- **3,184 MTs trained**
- 29 States/ UTs covered

Cascading trainings -

- 17,740 Cascading Trainings completed
- **8,91,411 participants trained**
- 1,02,440 GPs covered

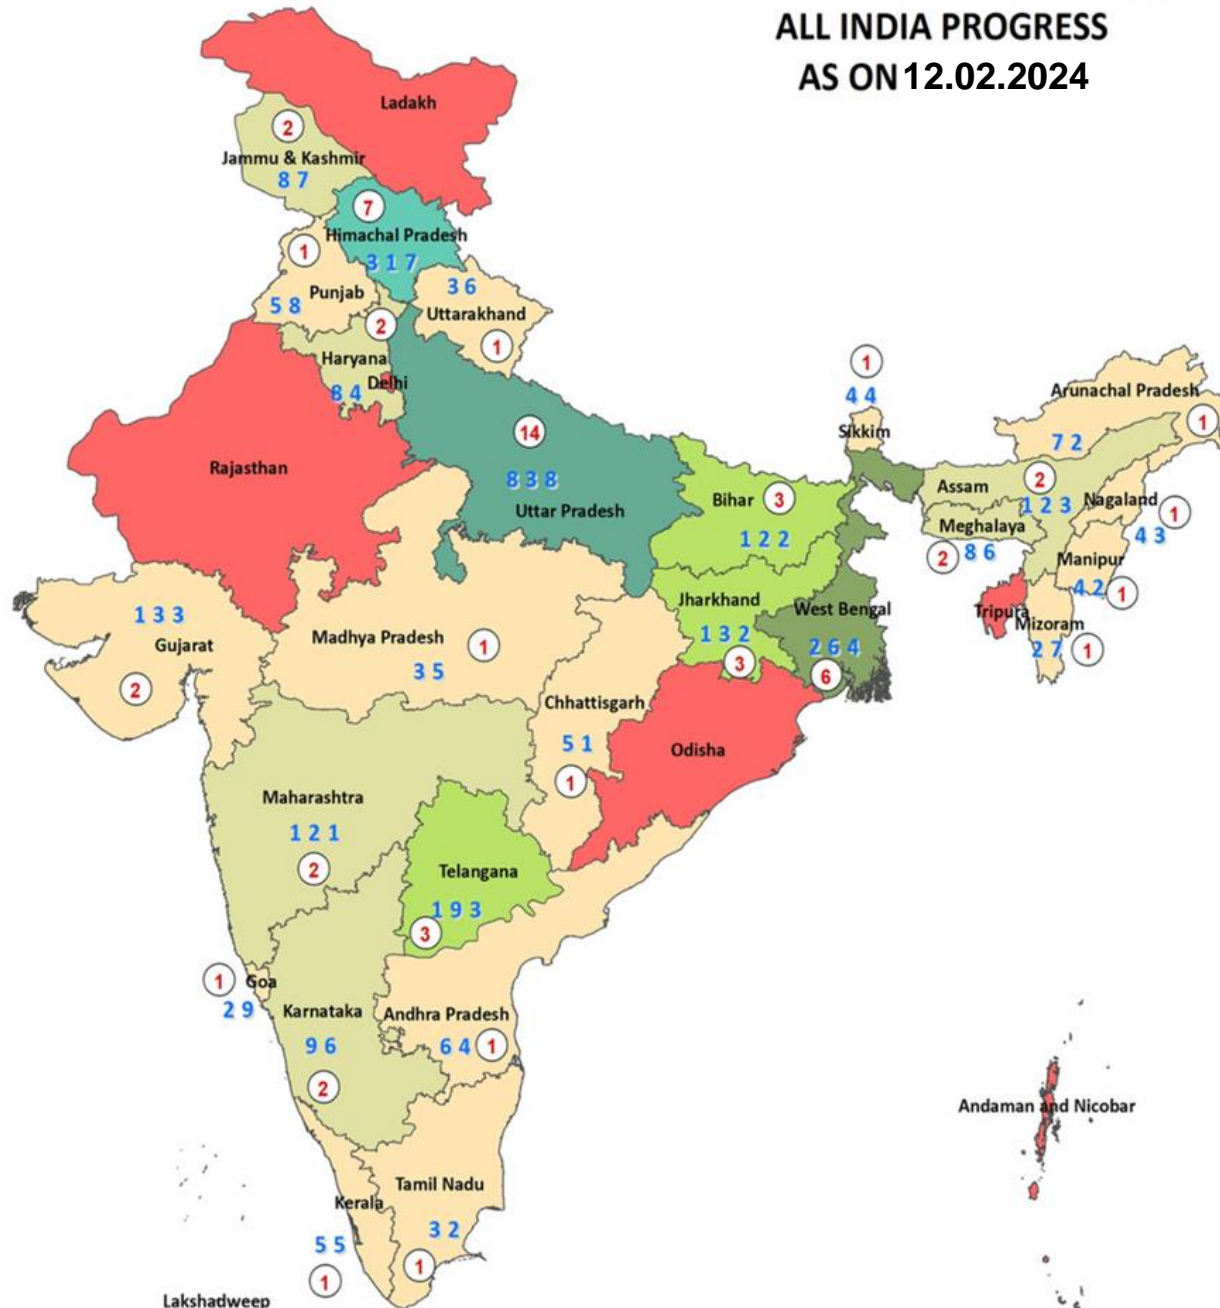

LEGENDS

No. of ToTs/Trainings completed

Total Master Trainers trained - 3184

Total ToTs completed - 63

Collage of Modules and manuals developed

Glimpses from Work so far

**Inauguration: Andhra ToT
for Master trainers**

**Facilitation: Bihar ToT for
Master trainers**

**Group work: Goa ToT for
Master trainers**

**Group work: West Bengal ToT
for Master trainers**

Field Visits during trainings

Soak pit & Magic pit Demonstration at Jammu

Toilet retrofitting demonstration at HP

Sanitation walk

Social mapping exercise - Mizoram

Handholding Support – Glimpses

**Installation of miniature SLWM models at SPM NIWAS,
Kolkata**

**On-the-job training on SLWM
technologies for engineers in UP**

Demonstration of NADEP construction in UP

District meeting for FSM Plan in Kerala

Handholding Support – Glimpses

Site selection for Retrofitting of toilet single pit to twin pit in Telangana

Construction of vermicomposting pit in UP

Construction of Resource Recovery Centres in UP

Construction of Magic pits in Telangana

Impact of the CB initiative: State innovations

1. States like **Karnataka, Telangana, Bihar**, etc. **completed VSPs in mission mode** after the trainings
2. **Andhra Pradesh** has developed **real time monitoring** of ODF Plus indicators through their JSS application
3. **RGSY, Maharashtra** has implemented **Capacity enhancing and communication initiative for Village Resource Groups** for O&M and service delivery
4. **Engineers' trainings conducted on SLWM** by **Telangana and Rajasthan**
5. **Kerala** has **focused on FSM and GWM** - 2 state level technical trainings organized on GWM; prepared a sample FSM plan for Kasargod district- to be used in other districts
6. **West Bengal**- Focused on **decentralized GWM and SWM**- 15 district level trainings of engineers conducted- preparation of DPRs in mission mode

Critical issues in roll out of CB initiative

1. Focus to be on **ODF+ achievement, effective O&M and sustained Service delivery**
2. **Deployment of available MTs** for cascading trainings is required to cover all GPs
3. MTs may given responsibility of **handholding individual GPs** from planning to implementation of ODF+ plans
4. **All training data** of ToTs and GP level trainings needs to be entered by states **in national CB dashboard** (State CB focal points and MTs)
5. CB trainings/handholding to be **linked with progress towards ODF+** status for all GPs. Defined Timelines for achieving ODF+ status can be monitored
6. **Fortnightly monitoring** of trainings at district, state level and national levels

If any state is interested in organizing ToTs/ refreshers/ technical trainings on SBM(G) II, please contact the following-

- 1. Shri Jitendra Srivastava**, JS & MD (SBM), Department of Drinking Water and Sanitation, MoJS, Government of India
Ph- 24362192 E-mail: srijiten@ias.nic.in
- 2. Shri Sujoy Mojumdar**, Senior WASH Specialist, UNICEF India
